# Nylon Backstop & Foul Ball Nets Diamond Mesh

Diamond Mesh

Catch foul balls, home runs, and protect your scoreboard by using these backstops in the outfield. These nets are made of 100% nylon and treated with our special coating to add weather resistance, UV protection, and improve abrasion resistance for years of continuous use. All nets are standard black. Nets come with a poly rope border and snap hooks in the corners for ease of hanging. When suspending nets from cable, use stainless steel C-rings every other mesh or cable ties 10" apart. Backstops can be custom made to fit your needs. Please phone for prices of sizes not listed.

# Nylon Backstop & Foul Ball Nets

## Square Mesh

Catch foul balls, home runs, and protect your scoreboard by using these backstops in the outfield. These nets are made of 100% nylon and treated with our special coating to add weather resistance, UV protection, and improve abrasion resistance for years of continuous use. All nets are standard black. Nets come with a poly rope border and snap hooks in the corners for ease of hanging. When suspending nets from cable, use stainless steel C-rings every other mesh or cable ties 10" apart. Backstops can be custom made to fit your needs. Please phone for prices of sizes not listed.

# Ultra Backstop & Foul Ball Nets

## Square Mesh

ULTRA (UHMWPE) is the latest in high performance fibers. The most common trade names are Spectra and Dyneema. This is the fiber of choice for most bullet proof vests. Many major leagues prefer this material over nylon because the superior strength allows for smaller twine sizes to be used, improving fans' views.

Catch foul balls, home runs, and protect your scoreboard by using these backstops in the outfield. These nets are made of ULTRA and treated with our special coating to add weather resistance, UV protection, and improve abrasion resistance for years of continuous use. All nets are standard black. Nets come with a poly rope border and snap hooks in the corners for ease of hanging. When suspending nets from cable, use stainless steel C-rings every other mesh or cable ties 10" apart. Backstops can be custom made to fit your needs. Please phone for prices of sizes not listed.

- Originally designed for backyard use, this net can be used by school leagues and minor leagues. The net comes with everything you will need (except the poles) to install it inside a building or in a backyard in less than 1 hour. Buy your poles, (3/4" EMT conduit) at local hardware store (Home Depot or Lowe's). You will need (28 poles for 50' cage and 38 poles or 70' cage.)
- Choose from #15 (personal), #21 (high school or summer leagues), or #36 (college).
- Totally portable and can be used indoors or outdoors.
- The cage is about 10' tall x 10' wide at top and 14' wide at bottom with lengths of 50' or 70'.
- The netting is knotted with 1 7/8" mesh. (#15 nets are 1 3/4" mesh) The yarn is UV treated and the netting is treated with our special protective coating that resists weather, provides UV protection and improves abrasion resistance for years of use.
- The netting is stretched over the outside of the frame which means more usable space.

## Outdoor Cage Frames

Our frames are made with high quality galvanized pipe. Each frame is made up of two end sections and then enough center sections to support the net. The end sections are made of 1 7/8" uprights with an additional 8' long 1 5/8" support that fits inside the 1 7/8" upright, a 1 5/8" pipe is used as a cross member. The center sections are made of 1 5/8" uprights with a 1 3/8" cross member. Each section comes with two PVC sleeves that are concreted into the ground, and the frame simply slips into the sleeves. No tools are needed and no cables are used. Use the chart below to determine the frame you need. These frames are for cages up to 12' high and 14' wide. For larger cages see options at bottom.

# Golf Nets & Accessories

## Heavy Duty Golf Screening Nets

These nets act as a screen or barrier to prevent stray balls from hitting spectators or damaging property. They aid in controlling the number of lost balls. These nets are used by golf courses, driving ranges, and parks. They are constructed of netting made from 84 pound test nylon cord, 1" square mesh with a rope border on all four sides, and a metal clip every 10' on top and bottom for ease of hanging. Simply snap the clips on to the cable and stretch the net out like a shower curtain, then tie off the net at each end. Weatherproofed and UV treated for long life.

## Diamond Braid Nylon

This economy priced quality rope has numerous applications. It has excellent strength and is resistant to rot, abrasion, and damage by oil, gasoline, mildew, marine growth, and most chemicals. It works well in pulleys and is more pliable (softer) than solid braid. It is easier to work with in cold weather.

### End Ropes

End rope connecting top and bottom rope. Add Stock # **S-HREND** — \$15.00 each end.

Phone for other options.

# Decorative Nets

These nets can be used to decorate a restaurant wall or would be perfect for prom or banquet decorations. The nets are light brown in color. The bulk netting is light brown and is sold by the pound. When you buy netting from us, we give you enough to cover the area you want to cover. Some companies send you only the stretched feet of netting.

## School Teachers' Special

Great for bulletin boards, crafts, or any type of school project. Netting is mixed mesh and depths and is assorted colors.

# About Us

A family business, where “Proudly Made in the USA” is more than just a slogan.

## People Behind The Scene

In addition to the people that you come in contact with, there are over 40 other people associated with **Nets & More** that you never see and rarely hear about. Our manufacturing plant has over 200,000 square feet of production and warehouse space just half a mile from us in Jonesville, Louisiana. To the best of our knowledge, our manufacturing plant has the largest capacity in the United States for the production of twine, floats, netting, and fiberglass hoops.

## Our Commitment To You

Serving you and keeping you satisfied. That’s our No. 1 goal. We strive to give you the best service and best products available at fair prices. Our commitment to you has been our strength and we are determined to continue our dedication to you. We serve you with people who care. Our friendly, knowledgeable sales team is ready to take your order, answer your questions and find solutions to your problems. We strive to ship orders as soon as possible. We want and appreciate your business. We promise to always strive to give you fast, courteous service, top quality products at fair prices. Please contact us if you ever feel differently.

Nets & More began as The Fish Net Company in the commercial fishing industry in 1981 and has expanded to include all types of industrial nets, sports nets and sports supplies, as well as custom nets. Due to our diversity we now do business as Nets & More. Please rest assured we are the same ownership and staff with the same commitment as before. Our expertise in net engineering and qualified friendly sales staff is committed to satisfying your every net or netting need, as well as commercial fishing needs.

## People That Serve You

Our staff is here to assist you with whatever your needs are. From simply processing your order to helping you decide what best fits your situation. We strive to ship as many orders as possible the same day as they are received, so that you may receive your order as quickly as possible. Our net building department is highly knowledgeable of net making techniques and are very capable of building standard, as well as custom nets to fit your needs.

# Custom Nets

**We can build virtually any net you need – to your specifications.**

The Fish Net Company — now with a new logo, and doing business as Nets & More — has the experience and the expertise to provide you with the net you need. Our company manager, Lee Charpentier, (on left), has over 35 years of experience in the net business. Lee will work with you to solve your net needs. With over 40 years in net design and production, Phong Vu, (on right) has retired, but has agreed to consult exclusively with Nets & More. Phong has a Masters degree in net gear design. If needed Lee will consult with Phong to provide you with your best possible net solution.
